Interview by Sadie Lackey

## *Bible Study Testimony*

An interview with one of Teleios' Bible study participants

Teleios' Bible Study Program guides new believers, helping people grow in their faith and bringing the Word of God to life. This impact can be seen all around the globe. Major groups impacted by Teleios' Bible studies are students and young people. These Bible studies are an ideal way for a young person to mature in their faith and spiritual experience. One example of how these studies has impacted young people is the story of a young woman named Jethro.

Jethro has a British and Filipino background and studies at a university in Hong Kong, China. She began her Bible study with Teleios a little over six months ago with one of our excellent Bible teachers, Alyssa. Jethro notes that the best part of

the study is how easy it is to talk with Alyssa about scripture.

*Jethro*

"I think the best part is how comfortably I can discuss the Bible study with my teacher, Alyssa," Jethro said. "I like how scripture is easily broken down, and how there is no pressure, we take it one step at a time."

Interpreting scripture can be intimidating, which often keeps people from exploring deeper into God's Word. Fortunately, Jethro did not let this feeling stop her from learning how to understand the Bible. Through studying with Alyssa, Jethro discovered how to understand scripture in the way the author truly intended and then how it applies to her life.

Jethro's story is not a singular one. Teleios is making a positive impact on lives through helping individuals discover how to truly absorb the Word and bring it to life.

"The bible study with Teleios has helped me draw closer to scripture. Previously, I have always felt intimidated to approach it by myself. There is

*"I like how scripture is easily broken down, and how there is no pressure, we take it a step at a time."*

just so much information, written by different authors over different time periods. I didn't know how to make sense of it all. With this study, I have learned to take it one step at a time, to focus on just one book, or even just a passage and start from there," Jethro said.

"Soon, I found myself feeling more confident to read scripture by myself. I learned how important it was to understand the social context at the time of writing to really make sense of the nuances in the scriptures' delivery. Not to mention, having a partner to walk me through it and answer any questions has made it all the more enjoyable and insightful. I think Teleios is a great resource for anyone who, like myself, has just dipped their toes in the water when it comes to bible study, but now is willing to take the plunge."

Teleios' Bible Study Program has had 60 students enroll with 44 students so far completing an initial 4 weeks! They are inspired that 34 students have chosen to continue past 4 weeks and 8 have gone all the way to 6 months – wow!

## About Teleios

Teleios teaches the Bible and the gospel, giving confidence to its truth. Teleios is a non-profit foundation that seeks to demonstrate the truth of scripture and the Christian faith through scientific methods by providing evidence for the positive results of a biblically-based lifestyle and produces practical tools for scriptural understanding and confidence.

This series of interviews provides glimpses of believers actively engaged in sharing the good news of Christ.
