Falling Deeper in Love with God – A Bible Study Testimony

An interview with one of Teleios' Bible study participants

Daniella is an engaging young woman who currently manages her family's poultry farm. As a young Christian, Daniela realized she needed to deepen her knowledge of the word of God. She then saw an advertisement on Instagram for the Teleios Bible Study Program. Daniella next contacted Teleios through the website who connected her with Michael, an experienced Bible study teacher.

Teleios Bible studies are individual mentoring relationships with well-trained instructors who teach students about salvation, Christ and the Christian lifestyle through a verse by verse scriptural study. The teachers also educate participants in a simple and usable Bible study technique to uncover and apply the truths of scripture. The impact of the Teleios Bible Study Program can be seen globally, as many students have participated across various countries, growing in their faith and knowledge of God's word.

As she began to learn the scriptures through the Teleios study, Daniella learned the depth of love God has for her. She noted "His love is so much deeper than I thought." This new understanding caused a deep change inside Daniella who exclaims "My faith has become stronger even during the COVID-19 pandemic! I have peace because of how much my faith has grown in the past few months."

Further, the study helped Daniella realize, through her saving faith in Christ, that she was secure forever in her relationship

with God. She describes that this truth changes the way she now sees life. "I used to think I could lose my salvation because of sin, but now I know for sure I can't lose it." Grasping this truth has provided Daniella with a stronger foundation of faith to stand on as she grows in Christ.

In addition, Daniella was deeply encouraged by how much her mentor cared for her and her wellbeing. "It's not just a student-teacher relationship", she said, "He deeply cared about my life outside of the study."

Knowing how to effectively understand the Bible is challenging. Fortunately for Daniella, Teleios provided her with new techniques to study scripture that allowed for her to learn the truths of the Bible, understand them, and apply them to her own life. "There is so much more to reading the bible than people think. Now I don't read it the way I did before. I read the

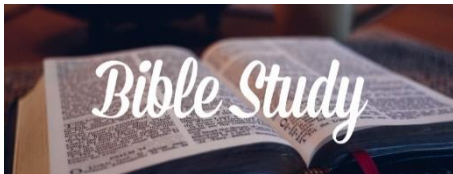

Greek words and try to apply it to my life.”

As seen in Daniella’s lovely testimony, this Bible study has greatly encouraged her life and faith. Her joy and peace have increased in measure, she has rekindled relationships with family and friends, and her love for the Lord has grown.

“People should just commit to [at least the initial] four weeks’ and see for themselves. This study is for all people in all places of life.”

The Bible changes lives, teaching us about God, improving wellbeing and showing us the path to salvation.
